RE: Docket 92-237

Dear Sirs:

I am writing to ask you to require telephone carriers to continue to use the 1 + dialing system for all long distance calls. If this is changed to allow other prefixes, i. e. 2-39, we would have to scrap our current telephone system and purchase another.

I think this would create an undue cost and hardship on telephone consumers.

Sincerely,

C. E. Snedeker
